

# CODING CLUB

GRADES 2-4 AT VCE BY All Around Learning Center

Would your child like to create an interactive computer game, or learn how to use Scratch for introductory coding, or program a robot to do fun tasks? This is the club for all the above.

The class is divided into three segments:

- + Programming and computer game design using KoduGamelab by Microsoft
- + Introductory coding by Scratch
- + Introduction to programming of Lego Mindstorms Robots

The program allows students to work at their age and skill level, therefore both new and returning students are welcome.

Time: Mondays 3:30-4:30

Cost: \$265

Dates: Aug 23 – Dec 6 for the fall semester

## How to Register?

Visit our website at [www.allaroundmath.com](http://www.allaroundmath.com) and select Valley Christian School in the After School Programs drop down menu or call us at (480) 833-7338 and register over the phone.

**Questions? Please call or text 480-833-7338**
