

ROBOTICS CLUB

HANDS-ON ACTIVITIES WITH ROBOTS FOR YOUR STUDENTS

GRADES 2-6 at VCS
by All Around Learning Center

call us at
(480) 833-7338

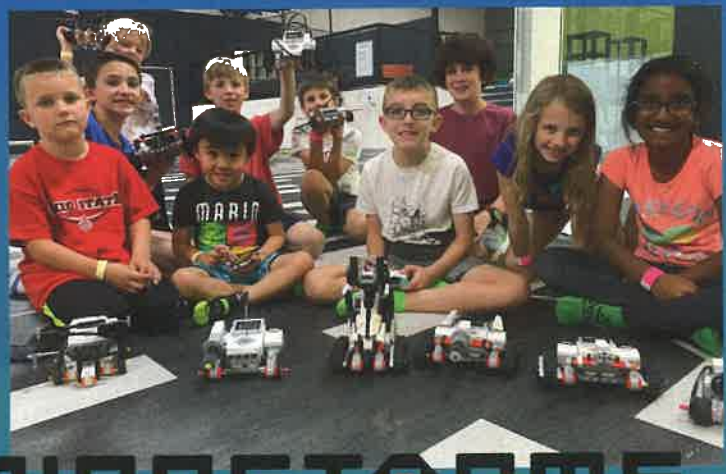

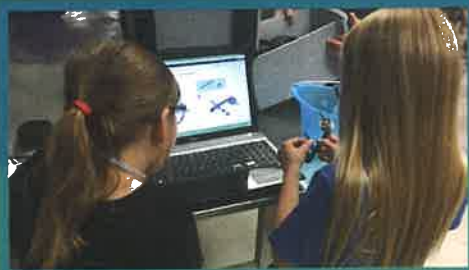

The STEM Robotics club is a perfect opportunity for students to explore LEGO Mindstorms Robots. We will build, program and have a hands-on fun experience with our robot designs. Students will have a chance to create their own vehicles, animals, humanoids, and more... Light, sound, motion, and touch sensors will enhance our robots. The designs will be field-tested in various challenge courses and we can't wait to see the student's innovative projects in action. Students will be able to work with age and skill level appropriate robots, therefore the club is open to students from grades 2-6. Both new and returning students are welcome

TIME: FRIDAYS 2:00 - 3:00 PM

COST: \$296 for Spring semester

Dates: January 14 - May 13

(No class on early release days)
